## COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing to Consider Resolution/Order to Vacate the East 200 Feet of the Alley West of Central Avenue and North of Oak Street

MEETING DATE: May 7, 2003

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council, after reviewing the findings of the Planning Commission, conduct a public hearing and take the appropriate action on the Resolution/Order to Vacate the east 200 feet of the alley west of Central Avenue and north of Oak Street.

BACKGROUND INFORMATION: At its regular meeting of March 19, 2003, the City Council adopted a resolution of intention to vacate the east 200 feet of the alley west of Central Avenue and north of Oak Street, reserving, however, and excepting from the vacation, a permanent easement and right therein to construct, maintain, repair and operate lines for public utilities, in and across the vacated alley alignment; and referred the matter to the Planning Commission.

The 200 feet of alley proposed for abandonment currently separates the Joe Serna, Jr., Charter School from the Lodi Unified School District (LUSD)-owned parking lot. The abandonment of the alley will allow safe pedestrian access between the classrooms and parking lot and allow the school site to be fenced for security purposes. The expansion plans for the school site include a Headstart preschool and portable classrooms on the north side of the existing alley, as shown on Exhibit A. LUSD will dedicate a 25-foot strip of land along the west boundary of the school site, south of the existing alley, to provide alley access from Oak Street, as shown on the attached Exhibit B. LUSD will also construct and maintain a 6-foot masonry wall along the west side of the proposed alley to separate vehicle traffic from the adjacent residence. The masonry wall will be located on LUSD property.

Since the existing alley is currently necessary to provide access to alley residences and service vehicles, the actual order to vacate the existing alley will not be filed until the new alley alignment right-of-way has been dedicated and all alley improvements have been completed and accepted by the City.

In response to a letter from Mr. and Mrs. Glen Blehm (copy attached), LUSD staff met with concerned property owners at the school site to address their concerns and explain the proposed on-site vehicular circulation at the school site that has been designed to lessen alley traffic and on-street activity.

The Planning Commission at its April 23, 2003, meeting, held a public hearing to determine the public need, present or future, for this alley. The Planning commission determined the vacation and realignment of the proposed alley is consistent with the City General Plan, and the abandoned portion of

the public alley no longer serves a public purpose due to the alley realignment to Oak Street. The Commission is providing their findings to the City Council for the May 7 public hearing.

Pacific Gas & Electric Company, SBC, Comcast (formerly AT&T Broadband) and the City of Lodi Electric Utility Department, and Street and Water/Wastewater Divisions have approved the abandonment of the east 200 feet of the alley. The City Electric Utility Department has advised that the relocation of a street light necessitated by the abandonment will be at the expense of the developer.

RE: RESOLUTION NO. 2003-47  
Intention to vacate and abandon the east 200 feet of the alley  
located west of Central Avenue and north of Oak Street

To Whom It May Concern:

We own property at 346 East Oak Street and we object to Resolution No. 2003-47 based on the following information.

Has anybody on the City Council or Planning Commission checked out the current congestion at the east end of the 300 block of East Oak Street?

If you vacate the east 200 feet of the existing alley and re-route the cars from the alley onto Oak Street, you're adding more traffic to a street that is already congested with traffic.

Most of the cars in the alley (and there are many) belong to residents living on East Pine Street. It's very obvious when you drive down the alley. Many homes in this area do not have driveways and residents must park their cars in the alley or on the street

Homeowners residing at the east end of the 300 block of East Oak Street currently deal with east and west bound Grape Line Bus traffic. The buses travel both ways on Oak Street approximately 3 times every hour. Plus, there are two bus stops at the corner of East Oak and Central Avenue that stop traffic and increase the congestion.

In addition to the bus traffic, parents drop-off and pick-up children at Charter Elementary School, also located at the east end of the 300 block of East Oak Street. When parents drop-off and pick-up their children, they often block driveways, park in the middle of the street (two cars deep), park in residents' driveways, and travel in reverse to escape the congestion. The children run across the street and run from behind parked cars which is very dangerous (and at the same time, the Grape Line Bus goes by).

Furthermore, teachers from Charter Elementary School park on the street all day with no regard for the residents who don't have off street parking. On Sundays there are church services and the worshipers also park on the street and block driveways (and at the same time, the Grape Line Bus goes by).

The 300 block of East Oak Street, especially the east end of the block (where the alley traffic will enter per Resolution No. 2003-47), is already overused, congested and at times dangerous.

I hope you will give attention to the above facts and perhaps reconsider your plans to add more traffic to this narrow, already congested, block of East Oak Street.

Sincerely,

A handwritten signature in dark ink, appearing to read "Glen &amp; Helen Blehm", written over a horizontal line.
